CLERK OF THE COURSE , WELCOME

It is a great pleasure, on behalf of myself the Committee and the members of Carlow Car Club, to extend a warm invitation to each and every one of you to the 2017 Carlow Stages Rally Sponsored by the seven oaks hotel and also featuring or famous MK11 challenge once again, this year it gives me great pleasure to welcome O'Brien Cement as the sponsor of the famous MK11 challenge. I would like to take this opportunity to thank all our sponsors involved in this event.

This is proving to be a challenging year for all clubs in the country but as other years we have put together a compact route and challenging stages and some new faces to the organising team but we still have our old friends and the headquarters will continue to be at the Seven Oaks Hotel and the rally will once again be a round of the Suirway Group Southeast Stages Rally Championship.

We will be running a very tight group of stages this year with servicing located in Gowran racecourse, We will have three stages run three times, this format will allow for a fairly early finish on Sunday evening while still delivering approx 120 km of stages that can be recced in a few short hours. We will of course have a restart procedure the details of which can be found in these regulations and Historic entries and junior entries also.

So please get your entries in early and come and enjoy the challenging stages that we have laid on this year and while you're here sample the good food and hospitality that the county has to offer.

Article 5. Rally 2 (Restart after Retirement)

5.1.1 The rally will operate Rally 2 in accordance with Art 13, Appendix 29 of the Motorsport Ireland Yearbook (**as published on MI Website**)

5.1.2 A crew retiring from the rally between Parc Fermé Out and Arrival Control SS3, may restart the rally from Service Out Control after 3 stages, or Service Out Control after 6 stages.

Cars retiring from the rally on Special Stages 3, 4 & 5 or the following road sections, may only restart from Service Out Control after 6 stages.

No restart will be permitted for crews retiring on Special Stages 6, 7, 8 & 9.

A restart will not be permitted where a crew has been excluded for non-compliance with eligibility requirements, traffic violations or a decision of the COC/R2C (Rally 2 Co-ordinator).

On retirement the crew must hand in their time cards to Car Accountability or the marshal/timekeeper at the next available location/Time Control.

Crews must retain the duplicate copy of the time card, to present to R2C as proof of stages completed.

5.1.3 Competitors must register for Rally 2 if they wish to restart from Service Out Control after 3 stages or from Service Out Control after 6 stages by contacting the R2C prior to a time that will be specified in Final Instructions. Service Vehicles will not be permitted to access the Stage or any closed road between runs. The organisers will, where possible, endeavour to remove any car to the nearest location where it can exit the stage.

The transport of the car from that location is the responsibility of the competitor. The car must return by direct route to the Service Area.

5.1.4 Competitors availing of Rally 2 must present themselves at Service Out Control after 3 stages or Service Out Control after 6 stages, with their car, for re-scrutiny. Due time is 10 minutes before their original due time at that Control, and 15 Minutes maximum lateness will apply.

5.1.5 The R2C, once satisfied that the crew meets the conditions for a restart, will issue new time cards which will have a restart time and restart Control Number.

The restart position within the field shall be at the discretion of the COC/R2C.

5.1.6 The organisers reserve the right to disallow restart on safety grounds or if the restart would interfere with the running of the rally.

5.2 Penalties:

5.2.1 Penalties will be applied as per Article 13.5, Appendix 29 of the Motorsport Ireland Yearbook (**as published on MI Website**)

5.3 Award Eligibility:

5.3.1 In order to be classified as a finisher the crew must complete a minimum of 5 special stages, which must include the final loop of stages and the finish control.
